

Executive Safaris

Accommodation Style

FAS's luxury tented camp is intimate, with capacity for up to 10 guests, ensuring maximum privacy and tranquility.

Guests are accommodated in luxury style East African Safari tents, each fully furnished (including beds, bedding, linen, basic toiletries), complete with en-suite bathroom, hot-water showers and flush toilets.

Each tent has large, screened windows for maximum ventilation and protection from insects, and for good visibility for game viewing from the comfort of your tent ... we wouldn't want you to miss out on the elephants (or anything else for that matter) venturing into camp, just for the sake of a siesta !

Private Guiding

...In case you're nervous...

It should be noted that the services of a Professional Private Guide (& private game drive vehicle) are included in an Executive Safari, at FAS's luxury tented camp in Hwange National Park.

Guests are accompanied at all times on their Executive Safari by a Professional Private Guide – someone who intimately understands the bush, and the way of the wildlife.

He is in camp with guests at all times, and on all walks, excursions and game drives, to cater to your comfort, safety and education about the ways of the wild.

Cuisine & Dietary Requirements

Guests can look forward to a high standard of catering in our camp, and menu options that include authentic African cuisine.

Meal times should be an occasion – and all the more on safari. FAS has dedicated, qualified catering staff to ensure that each meal time is an experience, a time to relax, enjoy good food, and interact with the 'Chef at work', if you wish.

The camp has a 'dining-tent', but who's to say we won't eat 'Alfresco' style, should fancy take us!

Guests are invited to state any specific dietary requirements upon booking.

Optional Additional Tourist Destinations

Lodges & Activities

FAS's Executive Safari operates exclusively in Hwange National Park, but FAS can facilitate bookings to additional lodges/resorts in Zimbabwe, and can tailor your safari around your choice of activities in other safari areas.

FAS also facilitates bookings for transfers and charters to (but not restricted to) choice tourist destinations in Zimbabwe, including Victoria Falls, Matobo National Park, Matusadona National Park and Mana Pools – each unique in wildlife, scenic variety and historical/cultural heritage. Details about these destinations are included on the Location pages of our Website.

FAS will also facilitate bookings through trusted safari operators in South Africa, to the world famous Kruger National Park, and to various Mozambique island resorts, should guests wish to include these on their safari itinerary.

Guests may make enquiry about these additional safari destinations, and the activities available in each area, via our online Booking & Info Request form.

Guests are invited to specify activities of preference in our online Booking & Info Request form, and FAS will recommend lodges and activities in those areas. You can

use the list of activities below to direct your itinerary choices (note that some of these activities are not included in lodge rates and are quoted individually – please make enquiry via the online Booking & Info request form).
