

Explorer Safaris

Explorer Safaris are mobile tented safaris operating in the best wildlife areas in Zimbabwe. Explorer Safaris offer guests the freedom to choose to visit multiple wildlife areas and National Parks in Zimbabwe, or just move around and explore the wild within one of them.

Set safari packages for group bookings of 4 – 6 persons and rates for these are outlined on the Website's Rates page.

Alternately, guests are invited to customise a safari package to include activities and locations of preference to suit you. Guests are invited to make enquiry for customised bookings via FAS's online Booking & Info Request form on the Website, and FAS will revert with suggested safari packages to accommodate the activities and locations of preference. Please note that rates for these Customised Explorer Safaris are quoted separately on request.
